

Your Library has a Digital Library Branch available around the clock
Library Services available when you need them

The Chemung County Library District has made a digital branch library that is available to residents around the clock at <http://cclid.lib.ny.us>. For those patrons who are too busy or working too many hours to get to the library when it is open, can download or request items from home. This digital library brings library information and resources to you.

Library card holders have easy access to audio books, magazine articles, eBooks and more. Patrons can save time with convenient service available when they need it. No more hunting for items under beds, couches, or car seats. Electronic materials are never overdue, and never get lost.

Residents can also borrow DVDs and CDs and printed books, choosing from over one million items and placing a request online in the STARCcat catalog. When the item arrives at the borrower's home town library, the borrower gets a call letting them know that the book or CD is ready to be picked up. Most items come so quickly, it's like the library is reading your mind.

As part of the Southern Tier Library System, our patrons can place holds electronically on materials owned by libraries throughout the region. In addition we can provide interlibrary loan from state and national resources with delivery service to your local branch. Our online catalog, STARCcat, is a regional online database of 1 million books, audiobooks, videos, music recordings and other materials and is linked to 48 libraries, branches, and reading centers in Allegany, Chemung, Schuyler, Steuben, and Yates counties.

The Chemung County Library District's eBook collection is now compatible with the world's bestselling eBook reader, the Amazon® Kindle. Patrons can now download popular and classic eBooks to a Kindle device or any mobile device running the free Kindle app, such as iPhone®, iPad®, Android™, and more. To get started, visit <http://stls.lib.overdrive.com>.
